2021 FACTS

January 2021

Change in Kimbiji. Father Dastan was transferred to Iringa and **Father Dominick Otieno**, a young priest from Kenya, came to replace him.

January 31st 2021

Different kind of support has been granted to about 90 families of Kimbiji, Masonga and Bubombi areas.

March 2021

The project **Farming in Bukama (TZ046)** was started. It involved the cultivation of beans and corn in a land in the village of Bukama (near Shirati) and the destination of the harvest to one of the primary schools near the Mission of Masonga.

April 2021

Due to COVID-19 emergency we decided to maintain the stop to infrastructural projects. All our other activities remain on.

November 2021

With the completion of the reporting, the project Furnitures for the Hostel (TZ032) came to the end.

Thank you for your support!

November 2021

The project Farming in Bukama is concluded. The harvest was delivered to the Down Hill Primary School in Sota.

Thank you for your support!

January- December 2021

Performed various interventions in the health sector drawing on the fund set up for this purpose.

... and a lot more.

ABOUT US

The **Associazione TUTTINCERCHIO ONLUS** was established after a journey in Tanzania during which we met several Missionaries that operate with passion and deep commitment in the equatorial region of Africa.

Meeting these people and sharing their experiences has deepened our conviction that even a small effort can deliver a significant impact towards giving a better future to people living in these areas.

The Associazione TUTTINCERCHIO ONLUS is a non-profit charitable organization whose main objective is fundraising on behalf of people in developing countries.

The association's activities are managed in line with the following guiding principles:

- direct relationship with the end beneficiaries of projects avoiding, where possible, third parties' involvement;
- promotion of projects whose main objective is to deliver skills to give people effective and sustainable tools to reach economic independence;
- development and preservation of the local culture and tradition in synergy with the skills and knowledge being developed;
- maximum reduction of our Association's costs base.

THE MISSIONS WE SUPPORT

Mission of Kimbiji

The Mission was established in 2008 and is located close to Dar es Salaam along the Indian Ocean coast. The area, with a population of ~53000 people is characterized by poverty, drought and hot climate that make agricultural activities hardly profitable as harvest is not always guaranteed.

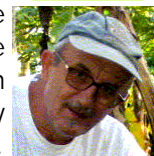

The Mission is currently managed by **Father Dominick Otieno**, a young Priest belonging to the Consolata Congregation and our local contact. After his studies in Kenya, he was assigned to the Mission of Kimbiji to share his skills, his knowledge and his enthusiasm with the people of Kimbiji tutoring them along the path of social, human and cultural growth.

Mission of Masonga

The Mission was established in 1992 and is located on the Lake Victoria in the north of Tanzania.

The village has a population of about 2500 people with a life expectancy of only 45 years. The whole area is affected by high rates of child death and by extremely high penetration of HIV.

The Mission has 3 schools with about 800 students.

The Mission is currently managed by **Brother Sergio Pario** Missionary belonging to the Congregation of the Marist Brothers in Italy and our local contact t. In the year 2000, he left Italy to go to Tanzania to deploy his skills and knowledge in education and agriculture to help and support the people of Masonga.

SUPPORT US!

You can support our activities in several ways:

Financial support

Effettuando una donazione mediante:

by credit card on our web site

www.tuttincerchio.org

or

by Bank Wire Transfer to:

Associazione TUTTINCERCHIO ONLUS
Corso Vittorio Alfieri 309, 14100 Asti, Italy
IBAN:

IT30 Y 05034 10300 000000007594

BIC (SWIFT) CODE:

BAPPIT21B60

Bank:

BANCO BPM SPA

Corso Vittorio Alfieri 309, 14100 Asti, Italy
